

ABDULRAHMAN AYMAN

Software Engineer | Full-Stack Developer

abdulrahman.ayman.dev@gmail.com | 0554672215 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience developing full-stack web applications and contributing to real-world software products. Experienced in building and integrating REST APIs, database-driven applications, real-time features, testing, and collaborative development workflows. Built a professional background in the automotive industry while pursuing a Computer Science degree, combining real-world business experience with practical software development skills.

TECHNICAL SKILLS

Backend: NestJS, Node.js, Express.js, Laravel, PHP, REST APIs, JWT, WebSockets

Frontend: React.js, Next.js, JavaScript, TypeScript, Tailwind CSS

Databases: PostgreSQL, MongoDB

Engineering Practices: Clean Architecture, Repository Pattern, Dependency Injection, API Integration

Tools & DevOps: Git, GitHub, CI/CD, Docker, Linux

AI: OpenAI API, LangChain, CrewAI

EXPERIENCE

Zaiti — Full Stack Web Developer Intern

Jun 2026 - Aug 2026

- Built a full-stack Support Ticket System end-to-end, from requirements and PostgreSQL data modeling to NestJS REST APIs, JWT authentication, admin management, real-time conversations using WebSockets, file attachments, search/filtering, input validation, and Arabic/English localization with RTL/LTR support.
- Delivered 7+ production features and improvements across the customer web dashboard, including Support Tickets, Invoices, Wallet, Coupons, Roulette, and Dashboard workflows, with responsive web experiences and frontend-backend integration.
- Set up CI/CD workflows with lint, build, and test checks on every push and pull request, branch protection, automated deployment, and staging validation; documented REST APIs with Swagger/OpenAPI for external integration.

Alkhedrcars Company - New Vehicle Sales & Automotive Retail

May 2021 - May 2026

Sales Consultant -> Marketing Specialist -> Showroom Manager

- Progressed from Sales Consultant to Marketing Specialist and Showroom Manager, gaining hands-on experience across sales, marketing, customer relations, and showroom operations.
- Managed day-to-day showroom operations and customer interactions in a target-driven environment, strengthening leadership, communication, problem-solving, and decision-making skills.

Qassim Tech (QT) - AI Systems & Agents Program

Jun 2025 - Aug 2025

- Collaborated in a team-based technical program focused on AI agents, multi-agent systems, and automated workflows.
- Contributed to building an AI-powered customer support system using Streamlit and a multi-agent academic platform with scheduling and notification features.

SELECTED PROJECTS

PATHLY - AI-Powered Personalized Learning Platform

- Designed and developed a full-stack platform with 6 core features that generates personalized learning paths based on user goals and job-market data.
- Built AI recommendation workflows using OpenAI API, including user profiling and skill-gap analysis.
- Developed backend APIs using FastAPI to support dynamic AI workflows.

Blog Platform - MERN Stack

- Developed a full-stack blog platform using MongoDB, Express.js, React, and Node.js.
- Built REST APIs for authentication and complete post-management functionality.

Cars Admin Dashboard

- Developed a full-stack car management system, building the backend REST API and a React.js admin dashboard for managing vehicle inventory and sales operations.
- Designed and implemented CRUD APIs, integrated them with the frontend, and added dynamic data visualization for inventory and business metrics.

EDUCATION

Bachelor of Science in Computer Science - Qassim University

2026

GPA: 4.93 / 5.00

CERTIFICATIONS

Meta Front-End Developer Professional Certificate - Meta | Jun 2026
