Portfolio: abdulrahman.ayman.dev

PROFESSIONAL SUMMARY

Computer Science graduate with a strong academic record (GPA 4.93/5.00) and hands-on experience in building scalable web applications and AI-powered systems.

Skilled in developing modern digital solutions using React.js and backend technologies, with a focus on real-world applications, data-driven systems, and process optimization.

Passionate about contributing to digital transformation initiatives and applying technology to improve operational efficiency in real institutional environments.

TECHNICAL SKILLS

- **Front-End Development:** React.js, Next.js, JavaScript, HTML, CSS, Tailwind.
- **Back-End & APIs:** Node.js, Express.js, REST APIs, Python, Django.
- **Databases:** SQL, MongoDB, PostgreSQL.
- **AI & Digital Solutions:** OpenAI API, LangChain, Streamlit, CrewAI.
- **Tools & Systems:** Git, GitHub, Linux, Networking Fundamentals.

PROJECTS

PATHLY – AI-Based Personalized Learning Platform

- Developed a responsive web platform that generates personalized career pathways using React.js.
- Integrated AI-powered recommendation system using OpenAI API and LangChain to generate personalized learning paths aligned with real-world job market demands.
- Collaborated on designing system architecture, user-centric data flows, and core features.

Cars Admin Dashboard

- Built a full-featured admin dashboard using React.js to manage car inventory, sales operations, and business metrics.
- Implemented CRUD operations and dynamic data visualization for tracking business metrics.

Personal Portfolio Website

- Designed and deployed a modern personal website to showcase projects and technical skills.

Frontend Practice Applications (Todo App & Calculator)

- Developed functional web applications to master State Management, DOM manipulation, and core programming logic.

TRAINING

Qassim Tech (QT) — 8 Weeks (Training)

- Participated in a team-based technical training focused on AI Agents and system workflows.
- Contributed to building an AI-powered customer support system using Streamlit.
- Worked on a multi-agent academic platform, including scheduling and notification features.

EDUCATION

Bachelor of Science in Computer Science - Qassim University

GPA: 4.93 / 5.00

Graduation Year: January 2026 (Fresh Graduate)

LANGUAGES

Arabic: Native | **English:** Professional Working Proficiency
