PROFESSIONAL SUMMARY

Computer Science graduate (GPA 4.93/5.00) with a strong academic foundation and hands-on experience in full-stack web development and AI-powered systems. Developed multiple projects using modern web technologies, including an AI-driven learning platform that generates personalized learning paths based on job market data. Eager to contribute technical skills in a professional environment while continuing to learn and grow as a software engineer.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript, HTML5, CSS3, Tailwind CSS.
- **Backend:** Laravel, PHP, Node.js, Express.js, REST APIs, Python, Django.
- **Databases:** MySQL, MongoDB, PostgreSQL, SQL.
- **AI & Tools:** OpenAI API, LangChain, Streamlit, CrewAI, Git, GitHub, Linux.

PROJECTS

PATHLY – AI-Based Personalized Learning Platform

- Designed and developed a full-stack AI-powered platform that generates personalized learning paths based on user goals and job market data.
- Implemented a recommendation engine using OpenAI API and LangChain, including user profiling and skill-gap analysis logic.
- Developed scalable backend APIs using FastAPI to support dynamic AI workflows.

Blog Platform (MERN Stack)

- Developed a full-stack blog platform using MongoDB, Express.js, React, and Node.js.
- Built RESTful APIs for authentication, post creation, editing, and deletion.
- Implemented dynamic UI rendering and structured backend logic following scalable development practices.

Cars Admin Dashboard

- Built a full-featured admin dashboard using React.js to manage car inventory and sales operations.
- Implemented CRUD operations and dynamic data visualization for tracking business metrics.

Personal Portfolio Website

- Designed and deployed a modern personal website to showcase projects and technical skills, with live projects accessible via the portfolio link above.

EXPERIENCE

Alkhedrcars Company

Sales Consultant → Marketing Specialist → Showroom Manager | May 2021 – May 2026

- Led showroom operations in a high-volume environment, developing strong problem-solving and decision-making skills applicable to software development.
- Analyzed customer behavior and needs, strengthening ability to design user-centered digital solutions.
- Worked under pressure with targets, improving efficiency and execution speed.

Qassim Tech (QT) — AI Systems & Agents Training Program (8 Weeks)

- Participated in a team-based technical training focused on AI Agents and system workflows.
- Contributed to building an AI-powered customer support system using Streamlit.
- Worked on a multi-agent academic platform, including scheduling and notification features.

EDUCATION

Bachelor of Science in Computer Science - Qassim University

GPA: 4.93 / 5.00

Graduation Year: 2026 (Fresh Graduate)

CERTIFICATIONS

- Meta Front-End Developer Professional Certificate — Meta (Jun 2026)

LANGUAGES

Arabic: Native | **English:** Professional Working Proficiency
